TOWN AND COUNTY MATTERS.

A FLOURY AFFAIR.—Mike Adler, a clerk in the probate department of one of the leading stores on Main street, went a few days since to the home of a customer for the purpose of delivering a sack of flour. After entering the yard and carefully closing the gate behind him, he was furiously set upon by a vicious little "black and tan," which, despite Mike's unflinching yells and kicks, succeeded in tearing a hole in his doc-skins. Dropping his burden on the door-step, he ran back under a state of great excitement to relate his misfortune and narrow escape to his fellow clerks, one of whom advised him to shoot the impudent dog, volunteering to loan a holster pistol for him for the said purpose. Mike accepted the opportunity, making himself a hero, and the pistol was loaded, secretly however, with a small charge of powder and a very large charge of flour, and Mike sallied forth with murderous intent directed upon his assailant and a crowd of curious boys at his heels. Arriving at the yard, he was met by the servant girl, to whom he made known his intention. She expostulated with him in vain, and in the midst of her entreaties the object of his hatred appeared on the field, eager for the fray. Just as the infuriated animal made ready for a spring, our hero, resulting the muzzle of his pistol within a foot of the monster's head, fired a broadside. The result can only be imagined. The "black and tan," suddenly transformed into a ghostly canine clothed in white, howled in fright, while his would-be murderer, terrified at the strange phenomenon, dropped his weapon and ran home to meet the merciless laugh of his mischievous companions.

CHANGED HANDS.—The fine building on Main street, known as Elliott's Block, was sold this week to M. Galbraith. The drug store in the same block has been purchased by A. G. Reed and T. F. Magee. The latter is known in the community as a first-class business man. The former, though comparatively a stranger, comes highly recommended. The firm, Reed & Magee, are fitting up in good style. Hastings, an experienced druggist, will retain his position as clerk in the establishment.

THE WEBER PIANO.—Through the courtesy of Prof. H. Hollo we visited his rooms at the College, a few evenings since, to witness the trial of one of Weber's excellent pianos. These instruments seem to have been constructed of the finest and most durable material, and are certainly unsurpassed in fullness and richness of tone. The Professor, who is almost exact posture, is agent for the sale of the "Weber," and as they are highly recommended by first class musicians throughout the country, we predict large sales on this coast.

HOMESTEAD.—The Vallejo Central Homestead Association announce that its shares are now ready for disposal. There are few locations in the State more desirable than the lands of the Association. Vallejo is destined to become one of the most important cities on the Pacific Coast, and a splendid opportunity is thus offered to make an investment that will secure many advantages to the holders of shares. See advertisement in another column.

CHRISTMAS TREES.—The commendable and time honored custom of receiving the gifts of Santa Claus, with due courtesy, will be observed in this place on Monday, Christmas Eve, (Dec. 24th.) There will be a tree prepared at the Christian Church and one at the M. E. Church. The young folks are happy in anticipation of a good time at both places. There will also be a similar entertainment at the M. E. Church of Cacheville, under the supervision of the ladies of that vicinity.

TELEGRAPH OPERATOR.—The Western Union Telegraph Company have secured the services of James McCormick as operator at their office in this place, instead of Mr. Mitchell, who was called away to fulfill other business engagements. Mr. McCormick has been for nine years past agent for Wells, Fargo & Co. in El Dorado, and has commanded the esteem of his employers and gained the reputation of an active, upright business man.

CALIFORNIA PACIFIC RAILROAD BRIDGE.—It is currently reported, says the Union, that an arrangement is in course of consummation between the California Pacific Railroad Co. and the Sacramento and Yolo Bridge Co., whereby either the present bridge over the Sacramento will be rebuilt so as to allow trains to cross, or a new and substantial one constructed just below to replace the old one, which will be removed.

WOODLAND IRON WORK.—There is perhaps more wood iron work done in this place than in any other town equal in size in this State. A large proportion of this kind of work is made at the establishment of G. J. Over-shiner, on Main street. The reason is plain. He employs first class mechanics, pays good wages, uses the best material and advances liberally.

THE NEW HOTEL.—Work on the new hotel, on the corner of Main and First streets, is progressing rapidly. A large number of workmen are constantly employed in the building. The architect, Michael O'Connell, has displayed good taste and caused the work to be done speedily and in a substantial manner. When completed, there will be about sixty apartments in the building.

LADIES FESTIVAL.—The ladies of Cacheville and vicinity are making active preparation for a grand festival, to be given on the 31st inst., (New Year's Eve), at Cacheville Hall. Excellent music has been engaged for the evening, and no pains will be spared to make the entertainment attractive and pleasant. The proceeds will be appropriated for the cancellation of the church debt. We wish them success.

RAIN.—Another fine rain has moistened the face of mother earth and the farmers are working away in good cheer. The rain fall has been hardly sufficient for high land, but as there is a prospect for more, no complaints will be heard. In all probability a large amount of grain will be raised this year in Yolo county.

REAL ESTATE.—Woodland is to have a railroad, and this fact doubtless accounts for the rush of customers to the office of C. S. Frost, real estate agent, Main street. He has done a brisk business this week.

CHRISTMAS GOODS.—A new and attractive stock of all kinds of fancy articles, suitable for holiday presents, has recently been received and is now offered for sale by Fleishman & Kaufman.

CROWDED.—The variety store of George Lipman seems to be the center of attraction for young folks in search of Christmas and New Year's presents.

CHRISTMAS BALL.—The lovers of good music and dancing will remember the ball to be given at House's new hotel, on Christmas night.

ADIEU.—Dr. A. Sprague, long and favorably known in this community, has sold his residence and is preparing to remove with his family to Gilroy, Santa Clara county. The best wishes of many friends and acquaintances, whose confidence and respect he enjoyed, will accompany him to his new home.

ON A VISIT.—Our former townsman, Jacob Levison, of the firm of Wm. Price & Co., No. 44 K street, Sacramento, has been sojourning in Woodland for several days. He reports the business of the firm in a flourishing condition, and expresses himself highly pleased with his new home.

MONITOR SAFE.—The monitor safe and iron vault, designed for the Bank of Woodland, have been forwarded from San Francisco, and are now ready to be placed in the position allotted them in the building.

HEALTH.—Not a single case of small-pox has occurred in town, and but one or two cases have been reported in the county. Very few cases of sickness in any form have occurred the present season.

CONDITION OF THE STREETS.—There are several mud holes in some of the principal streets that need immediate attention. A few new street crossings would not be objectionable.

LAY UP FOR REPAIRS.—The steamer Banner has been temporarily withdrawn from the Knight's Landing and Colusa route for repairs. The Gen takes her place.

GOOD RESIDENCE FOR SALE.—Wm. Price offers for sale his residence, adjoining the College grounds.

ELECTRO SILICON.—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metal surfaces, and for removing dirt, including kitchen utensils of tin, copper, brass, steel, etc.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use Newell's Pulmonary Syrup. A few doses given in time may save the life of a darling child. Do not fail to have it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of Dr. E. Cooper's Universal MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhoea and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

STOP THAT COUGHING.

Some of you can't, and we pity you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure, but

Newell's Pulmonary Syrup
is really the VERY BEST remedy ever compounded for the cure of coughs, colds, sore throat, Asthma, Whooping-cough, Bronchitis and Consumption. Thousands of people in California and Oregon have already benefited by the surprising curative powers of

Newell's Pulmonary Syrup
and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

Newell's Pulmonary Syrup
has cured thousands, and it will cure YOU if you try it.
This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.
Certificates from many prominent citizens of San Francisco accompany every bottle of

Newell's Pulmonary Syrup.

The Reasons for Insuring

—IN THE—

NEW ENGLAND MUTUAL

Life Insurance Company,

OF BOSTON.

By the Acts of Massachusetts, incorporated into the General Statutes of 1860 and 1864, a Policy of Life Insurance for the benefit of a Married Woman, or any person or persons specified, goes to them independently of the debts and liabilities of the party who effects the policy.

An Act to Regulate the Forfeiture of Policies of Life Insurance.
Be It Enacted, etc., as follows:

SECTION 1.—No Policy of Insurance on Life, hereafter issued by any Company chartered by the authority of this Commonwealth, shall be forfeited or become void by the non-payment of premium thereon, any further than regards the right of the party insured therein to have it continued in force beyond a certain period, to be determined as follows, to-wit: The net value of the policy, when the premium becomes due and is not paid, shall be ascertained, according to the combined experience "or" "actuarial" rate of mortality, with interest at four per cent. per annum. After deducting from such net value any indebtedness to the company or notes held by the company against the insured, which notes if given for premium shall then be canceled, four-fifths of what remains shall be considered as a net single premium of temporary insurance, and the term for which it will insure shall be determined according to the age of the party at the time of the lapse of the premium and the assumptions of mortality and interest aforesaid.

SECTION 2.—If the death of the party occur within the term of temporary insurance covered by the value of the policy, as determined in the previous section, and if no condition of the insurance, other than the payment of premium, have been violated by the insured, the company shall be bound to pay the amount of the policy the same as if there had been no lapse of premium, anything in the policy to the contrary notwithstanding; provided, however, that notice of the claim and proof of the death shall be submitted to the company within ninety days after decease; and provided, also, that the company shall have the right to deduct from the amount insured in the policy the amount at six per cent. per annum of the premiums that had been forborne at the time of the death.
